To Whom It May Concern:

This is a letter of reference for Dave Gonzalez and Decorative Crete Worx.

My project involved a complete redo of a 45 yr old slab, approximately 1600 sq ft, priorly covered w/ a mix of carpet and tile. I wanted to go all hard surfaces, and concrete overlay/stain was my 1st choice.

In searching for a contractor for this job, there were three main areas I was looking at:

- 1) Quality of work
- 2) Cost
- 3) Communication

Dave passed all three areas. In regards to quality, based on his portfolio I knew he could provide the look I was looking for and upon talking to him, he appeared to be knowledgeable about the materials and process. He also provided multiple references when asked and upon following up on the references, all prior customers had glowing things to say. Dave's cost was very reasonable and below that of other bids I received. And last in regards to communication, Dave was very prompt about returning phone calls and making sure any concerns/questions I had about the job were addressed.

I wanted my new floors to be a statement, and Dave and his crew did not disappoint. The look came out just I had ideally envisioned, and everyone who has come into my house for the first time is amazed at how good the floors look.

Dave, this was a job well done. Feel free to use me as a reference and feel free to have any potential customer give me a call.
