Hi Dave,

I wanted to take moment to let you how wonderfully delighted I am to walk into my home and see my beautiful one of a kind floors. The look that we had anticipated was exceeded. My family and I appreciate your level of professionalism and the care that your crew took with protecting my personal items. The process went exactly as you said it would. I also appreciate that you were readily available and extremely prompt in responding.

Thank you again for making my floors beautiful!
