

Dave Gonzales Referral

Referral for Dave Gonzales with Decorative Crete-Worx

I recently contracted Dave Gonzales to renovate my 70+ year old concrete floors in my downtown loft in Dallas Texas. I didn't know at first what i wanted to have done to the floors but after consulting with Mr. Gonzales with the effect i wanted to accomplish he suggest we us epoxy for the floor coverings. It was a very simple process i just picked the color i wanted and he went to work. He also scored lines into the concrete to give an even more decorative look. Mr. Gonzales did an excellent job of informing me the processess that would be perfomed and the steps it would take before he started. I felt very comfortable and couldn't wait to see my new floors. During the process he gave me detailed updates daily and let me know i could call him anytime with questions. When the floors were complete i was very happy with the results. The new floors gave my loft a new life and the floors felt very durable that will last many years.
