Re: Services Performed

Dear Mr. Gonzales

We would like to formally thank you for your professionalism and outstanding service in resurfacing and staining our front porch, back porch and spa deck in March 2007. Every aspect of the job was carried out in a timely manner and the work performed was of the highest caliber and level of perfection. There were absolutely no short cuts taken and the products utilized were the finest.

Equally impressive were meeting the scheduled appointments and completion of the project. We clearly were told that weather may be a factor, however, assurances were given that customer satisfaction would be the end result. Mr. Conzales and his staff delivered as promised and we are extremely pleased.

We have already referred your company to one of our friends and will continue to do so.

Sincerely,

Mark & Lesa Dale
North Richland Hills, Texas
