

Someone referred Dave to me for concrete staining and I am pleased that they did. Dave was punctual and knowledgeable. He did what he said he was going to do and did it for the price he said he would. It was also less than other quotes I had received. He was even accomodating when we had to change the color due to the condition of the concrete. We have received many compliments on our stained concrete floor in our sunroom. I would recommend Dave and his team to anyone.

Thank you,

Joe and Vangie Brothers
