

November 4, 2020

Dave,

Thank you for the beautiful job you did on my driveway. Please let this note serve as my testimonial for your great work.

My driveway had been stained previously and recently when I had my garage floor redone with epoxy the workers spilled lacquer from their truck all the way down my stained driveway as they were leaving.

Through website research I chose three companies to provide opinions and estimates to fix the damage. I chose Dave because of his testimonials and apparent attention to detail as well as his many years of experience.

Dave and his crew cleaned the driveway and then re-stained and sealed it and it looks amazing. I was so impressed with his customer service and attention to detail (along with a fair price of course) that I would highly recommend him.

Sincerely,
Cynthia Hill
